As part of our efforts to accelerate clean transportation alternatives in Massachusetts while effectively managing our distribution system, **Participating municipal light**

**departments** are partnering with their public energy partner, **MMWEC**, to provide free or discounted WiFi-equipped Level 2 residential electric vehicle chargers to customers signing on to our **Scheduled Charging Program**.

## What is a Scheduled Charging Program?

Scheduled charging is a set schedule to determine when you can and cannot use your charger at full power. Through the WiFi connection enabled in your charger, your light department can curtail the charge rate during periods of peak energy usage for the rest of our distribution system.

### How it Works:

Between the hours of 5:00 p.m. and 9:00 p.m. on non-holiday weekdays, your charge level will be reduced in time with daily peak energy use. Outside of this time period, the charger will automatically unlock to allow you full Level 2 fast-charging functionality.

### Emergency Scheduling

Sometimes major events happen on the electrical system outside of our control. To respond to these events, emergency scheduling allows MMWEC to temporarily access your charger via WiFi connection to lower your charging rate until the event passes. This limits strain to our system and allows us to continue to deliver low-cost, reliable electricity.

## Did You Know:

- Costs for these peak charging events are spread across the light department's entire residential customer base.
- Modern electric vehicles utilizing Level 2 charging can go from empty to full-charge in eight hours or less, ensuring that your car will be fully charged at 5 a.m.

### Full Battery EVs

- MMWEC's Scheduled Charging Program provides you with a Free or discounted Chargepoint WiFi Equipped Level 2 charger (a \$650 value); customer arranges installation.

### Plug in Hybrid EVs (PHEVs)

- Plug in Hybrid drivers are eligible to receive an incentive to cover a portion of the charger cost. Please contact MMWEC to learn how to receive your incentive!
